

A Manual of Dynamic Play Therapy: Helping Things Fall Apart, the Paradox of Play

Filesize: 2.33 MB

Reviews

*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Jessica Kingsley Publishers. Paperback. Book Condition: new. BRAND NEW, A Manual of Dynamic Play Therapy: Helping Things Fall Apart, the Paradox of Play, Dennis McCarthy, David Crenshaw, Children will experience natural growth and change throughout their lives. Play, by its very nature, always results in things falling apart, often literally, and children generally find satisfaction in this process of collapse and renewal. This book harnesses the power of the reorganizing process to elicit positive and profound change in children dealing with social, neurological, developmental, health and family issues. The author clarifies the theory behind this innovative play therapy approach, and explains its practical application to a full spectrum of client needs, using inspirational, real-life anecdotes as examples. He also describes the importance of using symbols in play therapy and focuses on ways to enable children to act out their internal aggression in a safe and healthy manner. This will be essential reading for play therapists and other professionals working therapeutically with children and their families.
