All her life, Kelli Huddleston has been told the story of a fire--a fire that killed her mother and two siblings when she was an infant. After her father s death though, she uncovers evidence of a different story, including clippings about a boat accident that killed a young father and his infant daughter. And Kelli quietly realizes the story of her life has been a fiction. How far would you go to discover the truth? Armed with only a few pictures of what she thinks might be her family, Kelli crosses the country to Tennessee, determined to uncover the truth about what happened over twenty years ago in a small southern town. When the trip threatens to open doors to the past better left shut, and her plans for the future are jeopardized, Kelli is faced with an agonizing choice that will change her life forever.
