Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).

MYSTIC LIVING: THE PRINCIPLES OF VAASTU FOR THE 21ST CENTURY

John Hunt Publishing. Paperback. Book Condition: new. BRAND NEW, Mystic Living: The Principles of Vaastu for the 21st Century, Raymond Prohs, In India, it is said that Vaastu and Feng Shui are like grandfather and grandson. Vaastu, pre-dating Feng Shui by 3,000 years, describes the environment we live in, the environment through which we move along the path of our soul. As such, it is the single most important ingredient in your life, the determining factor on your spiritual path. Thousands of years ago the maharishis wrote down their understanding of the cosmic forces that rule the world in ancient palm leaf books that have come down to the present day. Living successfully and in harmony with the world is a matter of attuning ourselves with these forces, creating a "natural architecture". Why is the West in such an unhappy mess? Basically, it's all built wrong. Raymond Prohs has spent years studying these books in India, learning from the masters, and applying the principles of Vaastu. Change your Vaastu and you change your life. Understand the principles of mystic living, and walk with the Divine.
